The geography of New York City is characterized by its coastal position at the meeting of the Hudson River and the Atlantic Ocean in a naturally sheltered harbor. The city's geography, with its scarce availability of land, is a contributing factor in making it one of the most densely populated cities in the United States. Environmental issues are chiefly concerned with managing this density ...

I wanted a simple world geography homeschool curriculum to use with all three of my kids in Kindergarten, 3rd grade, and 7th grade. I started with purchasing Geography & Cultures while at the Teach Them Diligently Convention last spring. Two really awesome books came with this set {Passport to the World and Children's Atlas of God's World}, as well as a lesson guide.
