You should study simple gear trains to satisfy the course requirements. However, more detailed links have been added below, if you feel there is a need extend your own learning. A series of maths based questions and answers are also included, although these are unlikely to appear in the examination (according to the sample paper).

THE NEW DESIGN AND TECHNOLOGY GCSE

Geometry Resources Subscription is a creative collection of over 695 (and growing) printable and multi-media materials to be used with students studying high school level Geometry. This subscription covers materials aligning with Common Core State Standards (CCSS), NY Next Generation Standards, and more.

GeometryBits - Common Core Geometry Resources

Product Design involves a broad approach to the designing and making of innovative / new products. Pupils/students studying Product Design should work closely with other sections of the site including the Resistant Materials, Design Process, Equipment and Processes and Electronics sections. The Graphics section may also be of interest.

Mike Asks: Although the Law of Conservation of Mass can be used to explain that for a mass of smoke to exit an equal amount of mass of oxygen must enter. But in reality is the mass of smoke inside the townhouse not an artificial mass – meaning – typically all things in life are trying to reach an equilibrium.
