Planning, managing, and providing legal, public safety, protective services and homeland security, including professional and technical support services.

The 16 Career Clusters - careercoachondemand

Design is the creation of a plan or convention for the construction of an object, system or measurable human interaction. Design has different connotations in different fields (see design disciplines below). In some cases, the direct construction of an object (as in pottery, engineering, management, coding, and graphic design) is also considered to use design thinking.

Designing the school library. School libraries are essential to learning, and good design is seen as a central consideration in creating effective learning environments.

Designing Libraries - Designing the school library

Designing the perfect warehouse is an area where even angels can fear to tread. The devil is in managing myriad details, complicated by the fact that a design made in heaven is never the same for any two facilities-even within the same organization. While the process is exhaustively detail-laden ...
