This video clip captures the first-time response of a cow instrumented with Dean Anderson's directional virtual fencing electronics when encountering a static virtual fence, established using GPS technology.

Invisible Fences: An Interview with Dean Anderson - Venue

If you feel the need for tips on developing a writing style, you probably don't look right to the Institute of Electrical and Electronics Engineers' journal Transactions on Professional Communications. You certainly don't open such a publication expecting such tips from novelist Kurt Vonnegut, a writer with a style of his own if ever there was one.
