The concept of a merit good introduced in economics by Richard Musgrave (1957, 1959) is a commodity which is judged that an individual or society should have on the basis of some concept of need, rather than ability and willingness to pay. The term is, perhaps, less often used today than it was in the 1960s to 1980s but the concept still lies behind many economic actions by governments which ...

Merit pay, merit increase or pay for performance, is performance-related pay, most frequently in the context of educational reform or government civil service reform (government jobs). It provides bonuses for workers who perform their jobs effectively, according to easily measurable criteria. In the United States, policy makers are divided on whether merit pay should be offered to public ...
