

### **guided reading activity 13 pdf**

In total there are 13 guided reading lesson plans, covering each of the chapters in the book. Each plan contains a 'reading and responding to the text' activity which is designed to be completed with the class teacher with the reading group. There are then follow up independent activities which the children can then complete during the remainder of the week.

Fractionation is a separation process in which a certain quantity of a mixture (gas, solid, liquid, enzymes, suspension, or isotope) is divided during a phase transition, into a number of smaller quantities in which the composition varies according to a gradient. Fractions are collected based on differences in a specific property of the individual components.
