Single-payer healthcare is a healthcare system financed by taxes that covers the costs of essential healthcare for all residents, with costs covered by a single public system (hence 'single-payer'). Alternatively, a multi-payer healthcare system is one in which private, qualified individuals or their employers pay for health insurance with various limits on healthcare coverage via multiple ...

Social marketing is the use of marketing theory, skills and practices to achieve social change. It has the primary goal of achieving "social good". Traditional commercial marketing aims are primarily financial, though they can have positive social affects as well. In the context of public health, social marketing would promote general health, raise awareness and induce changes in behaviour.
