Environmental design and ergonomics in the design of built environments (ergonomics)

Environmental Design resources. Ergonomics & design of

Urban design is the process of designing and shaping the physical features of cities, towns and villages and planning for the provision of municipal services to residents and visitors. In contrast to architecture, which focuses on the design of individual buildings, urban design deals with the larger scale of groups of buildings, streets and public spaces, whole neighborhoods and districts ...

People-first language (PFL), also called person-first language (PFL), is a type of linguistic prescription to avoid marginalization or dehumanization (either conscious or subconscious) when discussing people with a health issue or disability. It can be a type of disability etiquette but more often is applied to any group that would otherwise be defined or mentally categorized by a condition or ...

1 Introduction. Emoji are pictographs (pictorial symbols) that are typically presented in a colorful cartoon form and used inline in text. They represent things such as faces, weather, vehicles and buildings, food and drink, animals and plants, or icons that represent emotions, feelings, or activities.

UTS #51: Unicode Emoji

People with hearing loss can dream of a future when hearing aids might also serve as wireless loudspeakers, delivering clear, customized sound from inside their ears.

Hearing Loop

Overview. The continuing evolution of automotive technology aims to deliver even greater safety benefits and Automated Driving Systems (ADS) that "one day" can handle the whole task of driving when we don't want to or can't do it ourselves.
