

world history the fertile pdf

The history of the world, in common parlance, is the history of humanity (or human history), as determined from archaeology, anthropology, genetics, linguistics, and other disciplines; and, for periods since the invention of writing, from recorded history and from secondary sources and studies.. Humanity's written history was preceded by its prehistory, beginning with the Palaeolithic Era ...

History of the world - Wikipedia

The economic history of World War I covers the methods used by the First World War (1914–1918), as well as related postwar issues such as war debts and reparations. It also covers the economic mobilization of labor, industry and agriculture. It deals with economic warfare such as the blockade of Germany, and with some issues closely related to the economy, such as military issues of ...

Economic history of World War I - Wikipedia

The history of the world is about the study of the cultural achievements of the entire human race. This includes the time from prehistory to the end of the 20th century and excludes natural history before the development of human beings
