Overview. Three-quarters of AP and NWP teachers say that the internet and digital search tools have had a "mostly positive" impact on their students' research habits, but 87% say these technologies are creating an "easily distracted generation with short attention spans" and 64% say today's digital technologies "do more to distract students than to help them academically."

Play is essential to development because it contributes to the cognitive, physical, social, and emotional well-being of children and youth. Play also offers an ideal opportunity for parents to engage fully with their

children. Despite the benefits derived from play for both children and parents, time for free play has been markedly reduced for some children.
