Plot. The book covers several periods from the life of Lazarus Long (birth name: Woodrow Wilson Smith), the oldest living human, now more than two thousand years old.. The first half of the book takes the form of several novellas connected by Lazarus's retrospective narrative. In the framing story, Lazarus has decided that life is no longer worth living, but (in what is described as a reverse ...

The Many-Worlds Interpretation (MWI) of quantum mechanics holds that there are many worlds which exist in parallel at the same space and time as our own. The existence of the other worlds makes it possible to remove randomness and action at a distance from quantum theory and thus from all physics ...
