In its most basic sense, multimodality is a theory of communication and social semiotics. Multimodality describes communication practices in terms of the textual, aural, linguistic, spatial, and visual resources - or modes - used to compose messages. Where media are concerned, multimodality is the use of several modes (media) to create a single artifact.

TIP: If you change a boilerplate contract clause for a particular transaction, be careful not to use the revised

contract as a template for future deals, unless that is your express intention. While there are publishing programs at many universities, and organizations such as the IBPA to educate future publishers, at best you will receive an introduction to contracts.

**Copylaw: Publishing Attorney | Entertainment Lawyer**

Activities that describe what I like to do: 1. Communicate with different types of people. 2. Help others with their homework or to learn new things.
