BiographyEdit. Yamato is a skilled powerful ninja. He initiates the battle by creating several clones of himself. The first clone will use slashing attacks if you go after him, occasionally teleporting then executing the slash and jumping around throwing shuriken at you. The second clone will split into two to trap you in a slash attack...

In fact, after this book I went and bought the other 3 Yamato books online. The first two books, Rage In Heaven 1 & 2, pass a long, long time period from front to back, and feel overall very grand and far-reaching. The other 2 books, Way of the Warrior 1 & 2, have a very different speed and look at the characters in a very different way.

She was built in 1941 at the naval shipyards in Kure and used in the War in the Pacific. Her size and power was intended to over- awe the enemy naval units. It was hoped that she would coun- terbalance American superiority. On 7th April 1945 the Yamato was sunk by US carrier-borne aircraft.

Battleship YAMATO - Hobbico

Yamoto. He splits into three when fighting, and each version fights differently. Watch out for a slashing attack, as well as shurikens. Yamato is from Japan (just assuming this because there is a Japanese shrine behind him in battle.) Yamato is the fourth boss of Streets of rage 3 and that is his only appearance.
